

Download Chemical Sensitivity And Sick Building Syndrome

Chemical Sensitivity and Sick-Building Syndrome - CRC Press Book Written by multidisciplinary experts in medicine, chemistry, and architecture, this book examines chemical sensitivity (CS). In 15 chapters fitted to 15 lectures, it discusses not only the medical explanation, but also the environmental factors of this hypersensitive reaction ...Sick building syndrome (also termed environmental illness, building-related illness [BRI], or multiple chemical sensitivity [MCS]) is considered by some clinicians to be an illness in some people after they are exposed to as yet undefined chemical, biological, or physical agents that are thought to be found in building(s). These may include an illness contracted outside the building, acute sensitivity (e.g., allergies or Multiple Chemical Sensitivities (MCS)), job related stress or dissatisfaction, and other psychosocial factors. Nevertheless, studies show that symptoms may be caused or exacerbated by indoor air quality problems. Causes of sick building syndrome Written by multidisciplinary experts in medicine, chemistry, and architecture, this book examines chemical sensitivity (CS). In 15 chapters fitted to 15 lectures, it discusses not only the medical explanation, but also the environmental factors of this hypersensitive reaction, such as chemistry and architectural aspects.
