Designing Pornotopia: Travels in Visual Culture [Rick Poynor] on Amazon.com. *FREE* shipping on qualifying offers. Explicit sexual imagery has erupted in every medium and on every surface. While some react to it by pointing and laughing The main focus of Designing Pornotopia is the study of graphic design in our modern culture and that sex is becoming more or completely mainstream and that graphic design is becoming indistinguishable from marketing. Designing Pornotopia: Travels in Visual Culture. In Designing Pornotopia, Rick Poynor explores recent advertising and design and the invasion of sexual imagery into everyday life, revealing how advertising walks the fine line between prudish and vulgar imagery. Developing the discussion of Poynor's previous anthology, Obey the Giant, ... Spray SALT at the entrance of your house - the results are immediate and surprising! - Duration: 6:03.
