

Download Exemplary Professional Practice Criteria For Nursing Excellence

The American Nurses Credentialing Center (ANCC) is pleased to present the next generation model for its esteemed Magnet Recognition Program ®. This new model is designed to provide a framework for nursing practice and research in the future, as well as serving as a roadmap for organizations seeking to achieve Magnet recognition. If you are seeking to purchase items or to be reimbursed utilizing your CAP award, please use one of the links below. Request to purchase item(s) using CAP award. The original Magnet™ research study from 1983 first identified 14 characteristics that differentiated organizations that were best able to recruit and retain nurses during the nursing shortages of the 1970s and 1980s. These characteristics became the ANCC Forces of Magnetism that provide the conceptual framework for the Magnet appraisal process. About Jodi Jodi Cregger is a champion for excellence in the care and transport of pediatric patients.
