

Download Fluid Mechanics Lab Manual Solution

General Safety rules to be followed in Fluid Mechanics Lab: 1. Always wear shoes before entering lab. 2. Do not touch anything without the permission of instructor/lab assistant. 3. Read carefully the lab manual before performing experiments. 4. Check electrical connections before starting the equipment. 5. the algebraic sum of external forces applied to control volume of fluid in any direction is equal to the rate of change of momentum in that direction. The external forces include the component of the weight of the fluid & of the forces exerted externally upon the boundary surface of the control volume.
