Psychology includes the study of conscious and unconscious phenomena, as well as feeling and thought. It is an academic discipline of immense scope. Psychologists seek an understanding of the emergent properties of brains ... The Guidelines for Psychological Practice with Lesbian, Gay and Bisexual Clients were adopted by the APA Council of Representatives, Feb. 18-20, 2011, and replace the original Guidelines for Psychotherapy with Lesbian, Gay and Bisexual Clients adopted by the Council, Feb. 26, 2000, and which expired at the end of 2010. Transgender people have a gender identity or gender expression that differs from their assigned sex. Some transgender people identify as transsexual if they desire medical assistance to transition from one sex to another. Transgender – often shortened as trans – is also an umbrella term: in addition to including people whose gender identity is the opposite of their assigned sex (trans men ...
