Summary

Higher Education Products & Services. We're constantly creating and innovating more effective and affordable ways to learn. Explore our products and services, and discover how you can make learning possible for all students. There is a large and growing body of literature that demonstrates that contact with nature (broadly defined in the introduction and including urban green space, parks, forests, etc.) can lead to measurable psychological and physiological health benefits, as well as numerous other positive effects (). Much of the work we reviewed compared health responses in urban spaces with those observed in ... BC Science Interactions is an online community and curriculum resource for BC's Science teachers. **LEARN MORE ABOUT EDVANTAGE INTERACTIVE COMMUNITIES...**

2.2. Stimuli–Organism–Response model

2.2.1. Stimuli. Previous environmental psychology research classified the features of websites into TR and MR features, and regarded them as stimuli of consumers' reactions (Eroglu, Machleit, & Davis, 2001). TR features are defined as "all the site descriptors that facilitate and enable the consumer's shopping goal attainment" (Eroglu et al., 2001 ...
