

Download Physicians Cancer Chemotherapy Drug Manual 2009

Includes free CD-ROM! Completely revised and updated for 2009, the Physicians' Cancer Chemotherapy Drug Manual is an up-to-date guide to the latest information on standard therapy and recent advances in the field. This drug manual is divided into five chapters. Chapter 1 gives an overview of the key principles of chemotherapy that have helped to guide cancer drug development and provides an overview of the growing literature showing a strong linkage between cell cycle control, intracellular signaling pathways, and chemosensitivity. Physicians' Cancer Chemotherapy Drug Manual 2015 is an independent publication and has not been authorized, sponsored, or otherwise approved by the owners of the trademarks or service marks referenced in this product. There may be images in this book that feature models; these models do not necessarily

Includes free CD-ROM! Completely revised and updated for 2007, this practical handbook is an up-to-date guide to all aspects of cancer chemotherapy. The book provides a comprehensive, easy to use catalogue of over 100 drugs-both on- and off-label-commonly used in cancer treatment, including several new agents (recently or about to be FDA approved).
