I've had to discontinue allowing people to "Join" (adding their listings to the web site) because the "spammers" have figured out a way to submit their "trash" to the listings. [BibMe Free Bibliography & Citation Maker - MLA, APA, Chicago, Harvard](#) Nursing assessment is the gathering of information about a patient's physiological, psychological, sociological, and spiritual status by a licensed Registered Nurse. Nursing assessment is the first step in the nursing process. A section of the nursing assessment may be delegated to certified nurses aides. Vitals and EKG's may be delegated to certified nurses aides or nursing techs. Disclaimer: This is not an exhaustive list. These are just some things that I personally learned during my first year of medical school. I also have included some links to books and resources that I used as a first year medical student, but by all means, you can search for cheaper/older/online editions of these resources (I sure did).
