

Download Rexroth Hydraulic Training Manual

Bosch Rexroth continues to help drive innovation in hydraulics technology with the Rineer vane motor. Its patented “vane-crossing-vane” design allows for both low speed/high torque and high speed/high torque operation, resulting in an optimum power-to-weight ratio, smooth output over a wide speed range, and the unique capability to deliver maximum torque at zero rpm. With increasing industrialisation in sub-Saharan Africa comes the need for more skilled operators. Hydraulic training from Bosch Rexroth South Africa Group of Companies is fully-accredited and available across sub-Saharan Africa. Mobile valves. The Bosch Rexroth South Africa Group also stocks and supplies mobile valves, or valves for the mobile industry, from the majority of its suppliers. Bosch Rexroth, as an example, has introduced a new generation of top performing solenoid cartridge valves from Bosch Rexroth – compact Hydraulics. The range is designed to provide excellent performance in severe environmental ... We have 694 Bosch Rexroth products. Free delivery. Order by 8pm for same day dispatch. Over 500,000 products in stock from RS.
