The EcoPowerSupplies download area with datasheets and manuals for UPS systems, solar inverters, voltage optimisers and voltage stabilisers. Changes to algorithm names. As of 21 November 2018, the names of all algorithms in this Catalogue have been standardized to the form CRC-width/label. Some existing labels have been revised to identify a more specific or original source of the algorithm. An Uninterruptible Power Supply, commonly known as "UPS Power Supply" is a device that is designed to supply power to your computer in case of main power failure, electrical surge or unexpected power cut off.
