Saxon Math Placement Guide. Saxon books are skill-level books, not grade-level books. It is essential that each student be placed in the text that meets his or her skill level. When our daughters were young, we tried a number of different math programs, without success. One approach was overly simplified. Another lacked review; when early concepts showed up on a test, one daughter had no recall of ever having learned them. We switched to a third curriculum, but it was so ...A comprehensive guide to homeschool math curricula: reviews of all the popular curricula, how to choose a curriculum, inexpensive materials, and articles on math curriculum issues.
