Now includes a 3 Year Manufacturer Warranty!
The FT-991A is the next-generation of the widely popular FT-991. Like its predecessor, the FT-991A is creatively designed to fit into a very compact (W9.0" xH3.2" x D9.3") rugged case and will deliver up to 100 Watts solid output power (50 Watts on 140/430 MHz) on SSB, CW, AM, FM, Packet and C4FM Digital on the popular HF/50/140/430 MHz bands.
