

Download Stanley Home Energy Savings Stanley Quick Guide

Use the Stanley Deluxe Miter Box with Saw to make professional-caliber miter cuts without investing in a bulky power tool. Measured slots on the miter box allow you to make 90°, 45° and 22.5° cuts while a bridge on top of the bandsaw prevents it from digging into the cutting platform.

MANAGING YOUR WEALTH. As significant as they are, your stock awards are only one part of a much larger financial picture. As the complexity of your circumstances grows, it can become difficult to combine all of the elements into a cohesive wealth plan that supports the goals you have set for yourself and your family.

Air Seal Your Attic for Energy Savings: Hot air rises. Without air sealing your attic you are allowing warm air to escape from your home carrying with it your hard earned winter heating money. Most people just add insulation to their attic - this will not stop the escaping warm air. T...

Many savers fed up with risible rates of return on their cash are being tempted to invest in stock markets instead. Our beginners' guide explains what taking a punt on shares really means for your money, what and where to buy, and how much risk to take. Here are 10 key questions and answers about ...
