Best stock graphics, design templates, vectors, PhotoShop templates & textures from creative professional designers. Create How To Create A Stoplight Chart In Powerpoint style with PhotoShop, Illustrator, InDesign, 3DS Max, Maya or Cinema 4D. Stoplight Tools for CHF and COPD Stoplight Tools for Congestive Heart Failure (CHF) [1] and/or with Chronic Obstructive Pulmonary Disease (COPD) [2] have adapted helpful recommendations for patients with these conditions based on a literature review of innovative self-management stoplight tool templates, evidence-based informed best practices, and expert opinion. Recently I was tasked with creating a report for our PMO that showed information about all of our current projects and a stoplight status indicator on whether the project was on track or not. After doing some research online, I found out that I could create a calculated field based on a status and display [...] Types of Project Status Reports: Know Your Audience . Project management experts recommend a few types of project status reports. They include the weekly status report (WSR) for immediate team members and stakeholders, the monthly or bi-monthly status report for high-level managers and stakeholders, and a period, ultra high-level status report for CEOs, directors, and others who want to see ...
