The most common problem with these symptoms is the water level sensor is shutting the machine down. Look in the radiator hoses for a piece of pipe they have spliced into the hose that has the sending unit in it. Someone on lawnsite said that since Takeuchi pioneered the track loader in the 90s, they didn't need to utilize an existing skid steer frame that was in production and out tracks on it, so they could design a track loader purpose built. Features. Skid Steer Genius Super Controller: SSG Super Joystick Controller (Either permanent or temporarily installed). Used as a stand-alone grader or dozer the DGR-106 is an optimal attachment allowing the operator the full flexibility of being able to spread and final grade all with one attachment. Harley Rake Soil Conditioner Attachment for Skid Steer Loaders. The Harley Rake is ideal for blending an old yard into a new one, power raking a new yard into a golf course, removing surface rocks yearly that find themselves close to the surface, grading and blending transitions, thatching an established yard, resurfacing gravel roads and parking lots, preparing the perfect seedbed.
