

Download TennCare One States Experiment With Medicaid Expansion

Medicaid in the United States is a federal and state program that helps with medical costs for some people with limited income and resources. Medicaid also offers benefits not normally covered by Medicare, including nursing home care and personal care services. The Health Insurance Association of America describes Medicaid as "a government insurance program for persons of all ages whose income ...RELATED Medicaid Spending Increased Last Year, But at a Much Slower Pace Maine's Obamacare Vote Revives Expansion Debate in Some States Medicaid Covers All That? It's More Than Just Health Care ...This report ranks state Medicaid programs and provides state-specific summaries with the breakdown of scores by category. This allows states to pinpoint their areas of weakness, and to more successfully target their interventions. It also highlights states that have achieved success in one or more areas and can therefore serve as models for other jurisdictions. States Seek to Keep Seniors Out of Nursing Homes States are searching for affordable ways to allow seniors in need of long-term care to remain in their homes.
