The Hawk's Nest Incident: America's Worst Industrial Disaster [Martin Cherniack] on Amazon.com. *FREE* shipping on qualifying offers. Documents Union Carbide's construction in the 1930's of the Hawk's Nest Tunnel that allegedly caused the deaths of hundreds of workers through unsafe practicesThe Hawk's Nest tunnel tragedy is considered to be the worst industrial disaster in the history of US. It was for the first time that a company in US had ignored workers' safety so badly. The company was aware of the impending disaster and the kind of damage it was going to result in.The Hawk's Nest Tunnel Disaster: Summersville, WV Throughout the years, West Virginia has suffered many tragedies that left hundreds of workers injured or dead. These tragedies are the result of disasters occurring in our coal mines, on our railroads and at industrial facilities like the Hawk's Nest Tunnel incident.Cherniak said he struggled to maintain his objectivity while writing The Hawks Nest Incident: America's Worst Industrial Disaster. Ironically, it was published only a few years after Union Carbide's disaster at Bhopal, India, where 10,000 people died from a cyanide leak at a chemical plant on Dec. 3, 1984.
