

Download The Story Of Psychology A Thematic History

Bolles tells an intriguing story of the history of psychology in a casual, relaxed fashion. He cites philosophers mainly to develop certain themes (atomism, mechanism, empiricism, and associationism) and to help students understand what science is. Conveying an understanding of the present state of psychology and the direction that cognitive psychology is headed, he describes what science is, the contribution by gestaltists, and the value of applied psychology. *The Story Of Psychology: A Thematic History*. This new textbook for the history of psychology course is by a distinguished researcher who has taught the course for many years. Bolles tells an intriguing story of the history of psychology in a casual, relaxed fashion. He cites philosophers mainly to develop certain themes (atomism, mechanism, ... *The story of psychology : a thematic history*. [Robert C Bolles] -- In this book, Robert C. Bolles conveys an understanding of the present state of psychology and the direction that cognitive psychology is headed.
